READY MADE FRAMES

Art Smart's Information Sheet

Frames to suit Watercolours, Pastels, Prints and Drawings.

MAIL ORDERING YOUR FRAMES IS EASY. SIMPLY USE OUR INFORMATION SHEETS TO HELP YOU SELECT YOUR FRAME STYLES, FRAME FINISHES, MATT BOARD COLOURS, AND PROPORTIONS AND ENTER THEM ON OUR ORDER FORM.

Art Smart's Ready made "Under Glass" Frames are suitable for Watercolours, Pastels, Drawings and Prints. They are available in five different "Standard Sizes" to suit Full, Half, Quarter, Eighth and Sixteenth sizes of a standard 560 x 760 mm sheet of Artist's paper.

FRAME STYLES AND FRAME FINISHES

Simply choose your Frame style from our mouldings sheets and write in the full code you require in the second column on the order form.

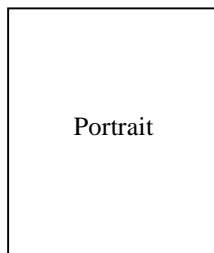

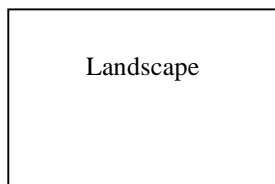

MATT BOARD COLOURS

For our Triple Matt combinations you will need to choose two colours from our specifier. The top and bottom are the same colour and should be similar to a soft colour in the background of your picture. The Sight Colour is the one in between and should reflect a stronger colour in the midground of the picture. It is not normally necessary to use colours from the foreground. Using background and midground colours will give depth to the picture.

Top colour
Sight colour
Bottom colour

LANDSCAPE OR PORTRAIT

With the exception of the sixteenth sizes, our frames are proportioned by visual weighting (showing more matt at the bottom of the frame) and need to be ordered to suit either the Landscape or the Portrait attitude of the work.

HOW TO FIT YOUR PICTURE TO OUR READY MADE FRAMES

Our Ready Made “Under Glass” Frames come completely assembled with clear glass and acid free backing. To fit your work all you need to do is to lift the flexi pins at the back of the frame, remove the backing, and triple matt assembly leaving the glass in the frame. You can then centre your work in the window opening size, and tape your work to the back of the matt board using acid free framers tape. Remove any dust particles, clean the inside of the glass, reassemble the matt boards with your art work and backing, fold down the flexi pins, and tape up the back of the frame with framers tape.

FRAMERS TAPE

Don't use masking tape, use this professional quality 1 inch wide Wax Backed Framers Tape to fix your work to the matt or backing board and to then tape and seal the back of the frame after assembly. This comes in a 50 m roll and is priced at \$6.90 a roll.

READY MADE FRAMES SIZES AND PRICES

Sixteenth Sheet Size \$29.90
(Matt Opening Size 120mm x 165mm)
